Skills Deals is a competitive 1:1 matched fund available from Autumn 2015 to July 2017 and is open to employers of all sizes in Norfolk and Suffolk. Skills Deals funding is provided by the Skills Funding Agency and local authorities in Norfolk and Suffolk.

Proposals must be employer led but can be developed in partnership with representative bodies and training providers. Proposals should seek to improve the skills of the current and future workforce and bring about wider sector benefits.

Projects should be primarily revenue based although some capital elements may be considered. There is no minimum investment level although proposals that require an investment from the fund of more than £500,000 will not be considered. The fund will only invest in solutions that can demonstrate wide reaching benefits (not restricted to an individual employer). This funding has been made available as a direct result of the Greater Ipswich City Deal.
